25 June 1984 OTE 84-1222

MEMORANDUM FOR: Executive Officer, OL

25X1

FROM:

Executive Officer, OTE

SUBJECT:

First Floor Space, Chamber of Commerce

41.

Building

1. Several weeks ago the folks in OL asked us if we would be interested in 4,000 square feet of space on the first floor of the Chamber of Commerce Building. We looked at the space, found it to be most desirable, and notified OL that we could use it. RECD sent over floor plans for this space and we were proceeding as though we were going to get it.

- 2. At the DDA staff meeting on 21 June, I mentioned that we had been offered the space and would put it to good use. The Deputy Director, Office of Logistics, responded that he knew absolutely nothing about it and the DDA advised me that we should not move into the space until we discussed it further.
- 3. We are a little confused and would appreciate any suggestion you might have regarding our next move.
